What to Expect

IGEM 2026 will showcase the future of sustainable living with innovative solutions in food and beverage, fashion, and cosmetics. The event will also feature advanced green-certified property developments, clean transportation solutions, and next-generation mobility innovations that advance climate action and support the achievement of the global Sustainable Development Goals (SDGs), helping drive a smarter, greener future.

Partner With Us

- 1 Position your brand at the forefront of Southeast Asia's leading trade event.
- 2 Connect directly with policymakers, investors, industry leaders, and sustainability decision-makers.
- 3 Unlock new business opportunities, collaborations, and investment potential across the sustainability ecosystem.
- 4 Establish thought leadership through speaking engagements, forums, and curated industry discussions.
- 5 Gain exclusive access to high-level networking sessions, business matching, and stakeholder engagements.

Race Towards Net Zero: Action Beyond Boundaries

The transition to net zero is no longer aspirational—it is operational. KLSS 2026 delivers real outcomes across policy, finance, industry, and society, enabling organisations to move from commitment to compliance and execution.

Over three days, the summit convenes senior leaders to bridge critical gaps between policy, action, and equity—aligning strategy with execution to drive measurable outcomes, scalable solutions, and cross-sector collaboration towards a resilient and inclusive net-zero future.

Who Should Attend?

Designed for decision-makers shaping the transition—CEOs, CSOs, policymakers, investors, and senior decision-makers leading sustainability initiatives. We also welcome industry leaders, financial institutions, technology innovators, and sustainability practitioners committed to advancing a resilient, low-carbon economy.

Exhibition Highlights

 <p>Climate Action & Adaptation Presenting innovative technologies, adaptation strategies, and community initiatives that enhance climate resilience in cities and communities.</p>	 <p>Business Matching Hub A dedicated platform that connects solution providers with buyers, investors, and strategic partners to accelerate collaboration and green growth.</p>	 <p>Sustainable Mobility Showcase Exploring the future of sustainable transportation beyond electric vehicles, including charging infrastructure, battery technologies, smart energy integration, and mobility solutions.</p>	 <p>ESG & Sustainability Lab Participants gain practical insights into ESG reporting, sustainability strategies, and responsible business practices through interactive sessions, workshops, and expert presentations.</p>	 <p>Sustainable Fashion & Lifestyle Featuring eco-conscious innovations in fashion and lifestyle, with a focus on sustainable materials, ethical production, and circular design solutions.</p>

Daily Topics

Day 1 | 7 October

Policy, Finance & Compliance

Establishing the foundations for net zero through insights into climate policy, carbon pricing, compliance frameworks, and opportunities in green finance and carbon markets.

Day 2 | 8 October

Adaptation, Resilience & Industry Action

Driving real-world implementation through sectoral decarbonisation, climate adaptation, regional collaboration, and technology integration.

Day 3 | 9 October

Social Equity, Impact & Planetary Health

Linking social equity, youth innovation, and planetary health to advance inclusive, resilient, and sustainable outcomes.

What to Expect

KLSS 2026 offers a curated, executive-level experience focused on insight, access, and action—providing direct visibility into Malaysia's evolving climate policies, practical frameworks to turn strategy into execution, and access to investment opportunities in green finance and carbon markets. Experience a closed-door, high-level engagement with decision-makers and gain actionable outcomes, partnerships, and implementation pathways to accelerate meaningful progress toward net zero.

Partner With Us

- 1 Position your organisation as a thought leader by securing speaking roles at exclusive event sessions.
- 2 Engage audiences through panel discussions, hosted roundtables, and interactive workshops.
- 3 Develop strategic partnerships and pursue new business opportunities across the green economy ecosystem.
- 4 Increase brand visibility through event branding, media exposure, and cross-platform promotion.
- 5 Engage with government agencies, regulators, and industry stakeholders who shape sustainability policy and investment.
